

Testimonial Guidelines

Email completed testimonials to the Office of Catholic Schools and Centers at socialmedia@dosp.org. Please note that by sending in your testimonial, you are giving permission to share it publicly (last names will not be used).

When you write your testimonial, focus on:

- **How your school works for your kids.**
- **How your children have improved since switching schools.**
- **Why you chose your school.**
- **Teachers who care about your children.**
- **Why your family needs a scholarship.**
- **Personal stories that tell us about your unique situation.**
- **Your right as a parent to choose the school that works best.**

WE NEVER BASH PUBLIC SCHOOLS. We are asking people to respect our right, as parents, to choose the best school for our kids. Therefore, we always respect other parents' right to choose what works for them. Public schools work so well for so many kids, please just tell us why your school works for your child.

Guidelines provided by [Florida Voices for Choices](#).
