If your state or your designated beneficiary's state offers a 529 plan, you may want to consider what, if any, potential state income tax or other benefits it offers, before investing. State tax or other benefits should be one of many factors to be considered prior to making an investment decision. Please consult with your financial, tax, or other advisor about how these state benefits, if any, may apply to your specific circumstances. You may also contact your state 529 plan or any other 529 college savings plan to learn more about their features. **Please contact your financial consultant or call 866-222-7498 to obtain a Plan Disclosure Document or prospectus for any of the underlying funds.** The Plan Disclosure Document contains complete details on investment objectives, risks, fees, charges, and expenses, as well as more information about municipal fund securities and the underlying investment companies that should be considered before investing. Please read the Plan Disclosure Document carefully prior to investing.
