
ONLINE GIVING PROVIDERS – 3/25/2020

Office of Stewardship and Development

While the Office of Stewardship and Development is providing online giving services to those parishes not currently signed up, pastors and parish leadership may make the decision to move forward with their own online giving at any time.

The following comprehensive online giving providers vetted by the Office of Stewardship and Development as to having the capabilities to support parish online giving needs. In addition, all these providers are able to help you to be up and running in 24 – 72 hours with the basic online giving tools you need for parishioners to give.

Each parish should choose whichever platform is right for their needs. Should you have any questions about online giving providers, please feel free to reach out to the Office of Stewardship and Development at 727-344-1611, or email our staff directly at:
