## The Smart, Simple Way for You and Your Family to Stay Safe Online.

Technology is essential to daily life. We use websites, devices, and apps that enable us to do nearly everything. But as the digital world grows more complex and advanced, so do scams, cybercriminals, and fraudsters. Aura provides proactive protection for what's important to you – your assets, identity, family, and tech – all in one easy-to-use app.

### Financial Fraud Protection

Aura keeps you a step ahead of threats with credit monitoring, credit lock, and financial tools to help keep your assets safe.

### Identity Theft Protection

We alert you if we detect threats to your identity, SSN, online accounts and more. Plus, we help protect your personal info from data brokers that may sell your info on the Web.

### WiFi Security (VPN) and Online Privacy

With one tap, Aura's VPN keeps hackers at bay and keeps your online activities private – so you can shop, bank and work online confidently wherever you go.

### Password Manager

We'll help you store important digital assets and passwords securely. Plus, we'll alert you if there's a password breach so you can protect your online accounts.

### Parental Controls (Family Plans Only)
