

**Stephen Eschenfelder** - I was born and raised in Seminole/Largo area and I was brought up in a devout Catholic family going to Blessed Sacrament, Seminole, from Kindergarten until eighth grade then moving on to St. Pete Catholic for High School. When I was younger I always was so amazed by the priests at mass and would admire the things they would wear and the strange words they would say on the altar. When high school came around I started to get into my faith and encountered the main reason I entered seminary studies and that is the Eucharist. I enjoy football games, movies, reading a good book and writing but the best time spent for me is among those I love whether it is with my seminary brothers or my family.
